Beauty spot

With Craig Alexander Wilson

Although nothing beats a relaxing soak, baths and busy lifestyles don't always go hand in hand. This shower of goodies will beat all your boring body washes. If you long for luxury, this week my column is awash with super scents and gorgeous gels.

● Foaming up into an almost lickable lather, **Philosophy's Red Licorice Shampoo, Shower Gel and Bubble Bath** is a fun and fruity way to start your day. Contains sweet cherry and licorice extract. At £14 it's my lab find. For stockist info call 0670906452

● The ingredients list in the **Earth Spa Skin Softening Shower Drench** reads like a tropical bouquet. With frangipani flower milk and purple orchid essence this is as rich as any body lotion. Creamy and creamy, it's my **TOP PRODUCT** at just £5 from Marks & Spencer.

● Described on the tube as plush, protective and perfectly rich, **Clinique's Skin Cushion Body Wash** has a lot to live up to...and it does. Whipped like an leathery soufflé, this feels like butter on the skin. **£11.26** from Clinique counters.

● Revive your senses with the **Australian Organics Avocado Oil Shower Gel**, which contains a refreshing blend of zesty lime, sage, lavender and naturally nourishing avocado oil to cleanse, revitalise and tone your body. Best of all it's just **£3.99** from John Lewis stores. Bargain!

Hello kitty

● I discovered Mac's edition involved the kitten. It was a case of "purr". With Swarovski and bright colours, this of products will get going. Check out **maccosmetics.co.uk**

● More like a dessert than a body wash, **Classe's Grapefruit Surprise** is a refreshing and uplifting shower gel that really packs a punch. The best way to kick start your day. **£11.50**. For stockists call 0900 111 6647.

● Loving the cheeky title that's **Cowshed's Udderly Loved Bath and Shower Gel**. This sweet floral isn't as strong as the others and won't compromise whatever scent you are wearing. **£16** from www.cowshedonline.com

Multi-colour dress, **£85**, French Connection. Yellow leather peep-toes, **£70**, Ted Baker @ Office.
