Product Tested By **Kate Hughes - Evie Aged 2 Years**

Kate Awarded The Australian Organics Moisturizing Shower & Bath Gel 3.5/5

Nice packaging, would appeal to me in the shop but a bit more expensive compared to products I normally buy. This is a great moisturizing and bath gel and cleaned skin well. The consistency was slightly runny. The smell was lovely and lasted all day. As this is quite a runny consistency it would come out a little bit too quickly so you would use more than needed. Left skin feeling soft and smelling lovely. Really liked the design of the bottle and easy to use. This is a large size bottle so not ideal to take on your travels, would need a smaller size. Only suggestion on design would be to improve the dispenser to ensure you get right amount each time. This has a nice smell, a little expensive, good results in terms of skin softness and ethically produced which I like. *Kate Hughes - Evie Aged 2 Years.*
