EXFOLIATING BODY WASH, AUSTRALIAN ORGANICS, £3.99, Holland & Barret and Waitrose

WHAT IT PROMISES: A unique blend of pure plant-based cleansers, organically grown plant extracts and pure essential oils to gently cleanse, refresh and invigorate.

EASE OF USE: Quite invigorating if a little rough. Didn't really detect the essential oils but skin felt soft.

THE VERDICT: I know it's all organic and non-artificial, but only the Aussies could make a vomit-coloured scrub that smells of minty toothpaste. There's not many applications per tube but if you are into non-synthetic products that have not been tested on animals, it's the one for you.
