

Spritz range refreshed

Kent Cosmetics is relaunching the Evian Brumisateur Facial Spritz range with a fresh new look. The spray can be used to moisturise and refresh the skin, increasing skin hydration by 14 per cent, says the company, as well as to soothe burns and insect stings. Three pack sizes are available: 50ml (£3.50), 150ml (£6.95) and 300ml (£8.95). Further information at www.kentcos.com
