Evian Brumisateur Facial Spray

"I cannot wait for the hot sunny days to come so I can use this Evian Facial Spray ... looks fab!" - Kathryn

No longer the secret of skin experts, fashion models and make-up artists, this clever facial spray is the must-have beauty essential for any style-conscious woman wanting to tone, refresh and hydrate her skin and fix her make-up ... all with a unique balance of beneficial minerals and pure clean moisture.

This perfect skin pick-me-up is 100% natural, mineral balanced and neutral PH (with identical purifying properties to the Evian Natural Mineral

Water) and the result of a slow, natural filtration process, a journey of at least 15 years through the French Alps. Used as part of a daily skincare regime or to rescue a weary face or body, spray this nurturing beauty treat and feel the cooling sensation as the millions of tiny micro-droplets instantly moisturise and refresh the skin, increasing skin hydration by 14%.

Freshen up with this magical mist at any time of the day and night or apply daily before moisturiser to lock in the benefits. Perfect for setting makeup with its weightless, invisible finish, this clever spray helps avoid the need for facial powder reapplication. Suitable for all skin types, this gentle mist is perfect for the delicate skin of babies and children.

The Evian Brumisateur £3.50, 50ml, £6.95, 150ml, £8.95, 300ml and is available at stores nationwide. For stockists please call: 01622 859898
