Face Saving Skincare Treatments

THE LAST THING you need to ruin the romantic mood of your honeymoon is dry parched skin. If this is something you tend to suffer from, you'll love SkinVitals H-Revive Cloth Facial Treatment Mask, £2.99. Formulated to deliver a moisture surge, the mask replenishes and protects from any ongoing dryness to leave skin feeling soft, hydrated and visibly nourished. Honey provides the moisture surge, while grape seed oil nourishes. Use weekly as an intensive moisturising treatment on naturally dry skin or skin that's parched from exposure to air conditioning, central heating or air travel. Perfect for looking after honeymoon skin!

The SkinVitals range is available from Boots stores nationwide.
