

SkinVitals Q-Lift Cloth Facial Treatment Mask,

The SkinVitals L-Soothe Cloth Facial Treatment Mask, £2.99 is the closest thing you'll get to a salon facial. It brings relief to skin that's irritated, thirsty and uncomfortable. Brimming with a blend of soothing and repairing extracts, this highly relaxing formula leaves skin feeling hydrated, supple and replenished. Regenerating and soothing Lavender Extract and anti-irritant, free radical fighting Green Tea provide essential relief while calming and conditioning, Cabbage Rose Extract combined with soothing Oat Extract lend a helping hand too.

£2.99 for One - The SkinVitals range is available now from selected Debenhams stores nationwide.

Jeanette Awarded The Skin vitals Facial Treatment Mask 3.5/5

Product arrived and first thought only 1! Nicely packaged, sealed well and looked good quality. Did not really need instructions as very self explanatory. Easy to put on, but you do feel a bit odd initially with this cloth mask over your face. Stayed in place reasonably well (if you did not move around too much). So took the opportunity to sit back with feet up. Mask did feel cold and clammy. Kept this on for about half an hour. Must admit I was surprised when took this off as skin certainly felt refreshed and smoother. Cannot really tell how well this would work as only one application which is not enough to fully test the effectiveness of this product. Would like to see these available in packs of 4, so you could use 1 each week. From first use feels like it would be effective, but as stated just one application is not enough to judge this product properly. Good value for money. Would like to see more information on website as could only find Skin Vitals Australia and was not easy to navigate. Could be a fantastic product, but lost marks as only had 1 to trial. *Jeanette Coast*

Product tested by Anne Pickering - Summer Aged 2 Year
Anne Awarded The Skin vitals Facial Treatment Mask 4/5

Looks clinical but efficient. Had to use scissors to open packaging - tear perforation didn't open sachet fully. Instructions very clear and easy to understand. Slightly tricky to unfold due to the size of the mask but once opened, easy to fit into place. Length of time to keep mask on face was normal for this sort of product. Easily stayed in place. I also found this mask very comfortable to wear. Face felt firmer and looked healthier after application. Definitely offers value for money- especially in comparison with the eye-lift masks which has the same r.r.p. I would consider buying this item as it is an easy and quick face mask to use. Pleasantly surprised with the results, even after one use. *Anne Pickering - Summer Aged 1 Year*
